## SUMMARY :

---

I am a strong foundation in software engineering and programming principles across multiple platforms. Experienced in object-oriented programming, developing, testing / debugging code, and designing interfaces. Also able to work in a team environment and provide input to resolve user interface experiences. Quick learner and a successful master of new technologies with excellent communication and teamwork skills and Great attention to detail.

## SKILLS :

---

Software development lifecycle (SDLC), HTML5, CSS3, SASS, JavaScript, ES6, jQuery, workflow / build systems ( webpack, npm ), RESTful APIs, JSON, Modern UI frameworks ( Material UI, Bootstrap ), React, Next.js, Angular, TypeScript, Redux, AJAX, Python/Django, Ruby, Ruby on Rails, Express/Node, Databases( MongoDB / PostgreSQL / SQL ), Source code version control systems ( Git, Github ), Trello, Debugging issues using Postman.

## EXPERIENCE :

---

### General Assembly ( volunteer ):

Software Engineering Mentor - September 2020 to Present - New York

- Assisting students in understanding / creating / debugging code, also provide technical support to solve problems.

### Coursera ( volunteer ):

Python Mentor - June 2020 to Present - New York

- Respond to questions from current Python Data Structures learners and assist students in debug / solve problems.

### General Assembly:

Software Engineering Fellow - April 2020 to July 2020 - New York

- 12-weeks of software engineering impressive training fellowship

- Build a series of development projects including Front-end client pages, and Back-end database and server architect, and full-stack web applications.
- Programming languages and toolsets covered include:  
Git/Github, HTML , CSS, SASS, JavaScript, Express/Node, jQuery, MongoDB, SQL, React , Python/Django, RESTful APIs, SASS, Ruby on Rails

### **Record Media:**

Front End Developer - August 2018 to October 2019 - Remotely

- Use markup languages like HTML, CSS, JavaScript, jQuery to create user-friendly web pages, Maintain and improve website, Design mobile-based features, and Get feedback from, and build solutions for, users and customers for  
<http://www.recordmediaeg.com>

### **Freelance:**

Full stack Engineering - December 2017 to July 2018

- Build a series of development projects full-stack web applications.

### **El Marwa Food Industry:**

Front End Developer - May 2012 to September 2016 - Cairo,Egypt

- Implemented web designs and outlook through programming languages HTML, CSS, jQuery, JavaScript to renew and update the industry website

## **EDUCATION :**

---

**General Assembly** - NY,USA -2020

Software Engineering Immersive

**Arab Academy for Banking and Financial Sciences**

Financial Management Master's Degree - Cairo,Egypt - 2009

**Thebes Academy of science and Technology**

Information Systems Foundation Degree - Cairo,Egypt - 2005

Computer Science Bachelor Degree - Cairo,Egypt - 2004
